

Scout Meet

Cub Scout Pack 240-C will hold a Cub Scout Roundup Tuesday at 7:30 p.m. The

roundup of new scout members will be held in the cafeteria of the Walteria Elementary School. The pack has invited all

new boys in the South Torrance area to attend and bring their parents. Boys between the ages of 8 and 10 are eligible to be Cub Scouts.

Cranston Group Opens Campaign Headquarters

The newly-formed Harbor Area Committee to Elect Cranston has opened its headquarters in San Pedro at 916 N. Western Ave., in the Park Plaza Shopping Center.

Staffed by volunteers working for the election of Democratic Alan Cranston to the U.S. Senate, the headquarters is under the direction of Mrs. George Mohler of San Pedro.

"One of our primary goals in the organization of this area's Cranston campaign is the establishment of as many neighborhood headquarters as possible," Mrs. Leonard Kendy of Palos Verdes Peninsula, Harbor Area Coordinator for Cranston, said.

"Those of us in the Peninsula-Harbor Area are particularly impressed with Alan Cranston's knowledge of the problems pertaining to southwest Los Angeles County," stated Mrs. Kendy. "Cranston's stand on housing development through industry-government partnership is of utmost importance to our area where we are rapidly developing a shortage of livable housing for lower and middle income families," she added.

"We are also impressed with his stand on law and order. Alan Cranston has stated that he would not only support measures to tighten law enforcement, but seek out the root causes of crime and violence which we all know is the true answer to this problem," said Mrs. Kendy.

"Of vital interest to those

of us who are parents, is Cranston's position on education. He has urged increased funding for the education of disadvantaged students, an increase in teachers' salaries and a reduction in the size of classes. And Cranston's position on higher education is a simple one," concluded Mrs. Kendy. "He believes in a guaranteed college education for all who qualify."

OTHER area residents active in the Cranston campaign include Mr. and Mrs. Jeff Hare, Palos Verdes Peninsula; Mr. and Mrs. Gil Drummond, San Pedro; and Mrs. Albert Nadel and Mrs. John Popovich of Torrance. Mrs. Hare is serving as Harbor Area finance chairman and Mrs. Popovich as publicity chairman. The headquarters is open seven days a week.

Speedometer Calibrations Affected by Tire Sizes

The growing tendency to modify automobiles by using larger tires than the original equipment has resulted in many motorists exceeding the speed limit, Capt. P. J. Ford of the South Los Angeles office of the California Highway Patrol warns.

"The speedometer of an automobile is calibrated for the size of tire which originally was installed on the car," Captain Ford said. "Increasing the size of the tire nullifies the calibration

and destroys the accuracy of the speedometer. For example, changing from a 6.00 x 13 to 7.00 x 13 tires, which increases the cross-section by one inch, will result in substantially higher speed than that shown on the speedometer."

The Patrol recommends that any tire size change of more than one-half inch in cross-section be accompanied by a recalibration of the speedometer, Captain Ford stated.
